

XIV ORDINARY CONGRESS OF THE EUROPEAN CANOE ASSOCIATION

BELGRADE, SERBIA
MARCH 30, 2019

Dear friends in canoeing,

On behalf of Canoe Federation of Serbia, it is with great honour and pleasure I welcome you to Belgrade for the XIV Ordinary Congress of the European Canoe Association which will be held on March 30, 2019 in Belgrade.

After a series of successful organisation of European competitions, we are happy to be given an opportunity to host equally important, the 2019 ECA Ordinary Congress.

With the same determination and enthusiasm, perseverance and commitment, we hope to provide the best conditions for all participants of the Congress thus again confirming that Belgrade and Serbia continue to be at the Europe's sporting map.

Looking forward to welcoming you here in Belgrade in March,

Sincerely,

Mirko Nišović
President of the Canoe Federation of Serbia

Serbia and Belgrade

Serbia has connected West with East for centuries – a land where civilizations, cultures, faiths, climates and landscapes meet and mingle. From the agricultural regions of the Pannonian Plain in the north, across the fertile river valleys and orchard-covered hills of Šumadija, the landscape of Serbia continues southward, gradually giving way to mountains rich in canyons, gorges and caves, as well as well-preserved forests.

Today, Serbia is a modern, democratic European country, on the path to membership of the European Union, which a diverse range of visitors – from young backpackers to participants in congresses and fairs, cultural and sport events – visit every day.

Belgrade is the capital city of Serbia and has a population of around 1.7 million. It is one of the oldest cities in Europe and has since ancient times been an important crossing of the ways where the roads of eastern and western Europe meet. During its long and tumultuous history, Belgrade has been conquered by 40 armies, and 38 times it has been raised up from the ashes.

The city lies on two international waterways, at the confluence of the Sava and Danube rivers, which surround it on three sides. Because of this position, Belgrade is fittingly referred to as the Gateway to the Balkans and the Door to Central Europe.

Belgrade is the capital of Serbian culture, education and science. It has the greatest concentration of institutions of national importance in the field of science and art. The city is also the seat of the Belgrade University, founded in 1808 as the Great School, and the seat of the University of Art.
