INTRODUCTION

Despite the special conditions due to the COVID-19 crisis, we decided to take up the challenge of organizing the European Club Championships as initially planned.

Adaptations will be put in place to guarantee the best sanitary conditions. You will also find specific health rules in few days in specific newsletter.

We are counting on your sense of responsibility to show that the Kayak Polo community knows how to mobilize. And thus to demonstrate that the next future major events (World Championships and European Championships) are achievable despite such special circumstances.

In Saint-Omer we have only one wish, to see Kayak Polo again in our pools, and we know that this wish is shared.

A COUNTRY OF HISTORY, WATER AND FIRE ...REVEALS ITS MYSTERIES

The area of Saint-Omer has stayed true to itself and unspoilt. Its architectural heritage and its monuments are witness to the wealth of its history. One of the jewels in its crown is the Notre Dame cathedral, a masterpiece of gothic architecture. At each step, Saint-Omer, classified as a « Town of Art and History » offers you a view of one of its church towers or stately homes.

The Audomarais marshland, a magical, unique place in the Parc Naturel Régional des Caps et Marais d'Opale, has an amazing range of flora and fauna, just waiting to be discovered via its 1000 km of footpaths and 100 km of canals.
